LEA: ReNEW Dolores T. Aaron Academy

### A. Description of overall philosophy (200 word limit):

Special education staff and stakeholders at ReNEW Dolores T. Aaron Academy, embraces the philosophy that students with exceptionalities succeed when "all staff embraces all students"; holds the highest expectations for teacher performance and accountability; and promotes multidisciplinary, holistic, comprehensive and integrated service delivery for students qualifying for special education services. Special education staff view special education as a three year intervention per the intent of IDEA 2004, as opposed to a lifelong assumption. Special education staff focus on successful student access to the general education curriculum by identifying and addressing barriers to student success in the general education setting.

The primary goals of ReNEW's special education service delivery system are:

- To improve academic, self-help, and behavior performance outcomes
- To increase student access to the general education curriculum
- To promote meaningful college and career preparation and readiness for postsecondary pursuits.

B. Name and contact information for spec applicable, network)	cial education coordinator (school and, if
School Leader of Special Education Programming; Contact Information	Special Education Coordinator Listserv  sec@renewschools.org
CMO Leader of Special Education Programming; Contact Information (if different)	Dr. Mary Cole-Bush, Chief of Student Support Services mcole-bush@renewschools.org

C. Data Snapshots	
2022-23 enrollment rate of students with disabilities served by the school	16.8%
2022-23 in school and out of school suspension rate of students with disabilities served by the school	23%
2022-23number of students with disabilities who are removed for disciplinary reasons for more than 10 school days in one academic year	2

School Building
Level
Committee
(SBLC)

#### Members of the SBLC team:

Required members: Principal/Designated Administrator, SBLC
Chairperson, General Education Classroom Teacher, Referring Teacher
Optional members: Parent/Guardians, Reading/Literacy
Coach/Interventionist, School Social Worker, School Psychologist,
Behavior Interventionists, Pupil Appraisal Team Member, Resource
Personnel

**Example engagements with parents:** Develop interventions in collaboration with parents, review and analysis of student data, invite to meeting and explain parental choices and options, collaborate to develop interventions, placement of child in MTSS tiered intervention, Section 504 consideration and eligibility, a determination meeting/referral to Pupil Appraisal Team for evaluation, parent/guardian permission is obtained for individual screenings and/or evaluations

**Example decisions SBLC team can make:** Implementation of interventions or adjustment/addition of interventions, document MTSS process, referral for Section 504 evaluation, referral to Student Support and Appraisal team for evaluation, referral to outside services.

# Appraisal Team

**Members of appraisal team:** Evaluation Coordinator, Parent/Guardian, General Education Teacher, Intervention

Coordinator, School Social Worker/Counselor, School Psychologist, Educational Diagnostician, Speech and Language Pathologist, School Nurse, Adapted PE Teacher, Occupational Therapist, Physical Therapist, Audiologist, Neuropsychologist, Child and Adolescent Psychiatry, Board Certified Behavior Analyst, Teacher of Visually Impaired, Teacher of the Hearing Impaired, Orientation and Mobility Specialist, and/or other identified professional based on identified student needs.

**Example engagements with parents:** Meet to develop evaluation plan and sign permission to evaluate, obtain full psycho-social history, discuss academic/behavioral/other concerns that impact student performance, interpret and disseminate findings of evaluation.

**Example decisions appraisal team can make:** Determine eligibility or non-eligibility of students for special education classification, recommend services and interventions based on evaluation findings (including, but not limited to Section 504 plan, student support services, additional screenings/assessments).

Instructional and Rela	ated Services Provision and Staffing
Specialized Instruction	# Special Education Teachers: 11 # Paraprofessionals: 5 # Academic Interventionists: 14  Examples of curricula: Unique Learning Systems, StudySync, Failure Free Reading, Do the Math, Do the Math Now, Phonics
	Boost/Blitz, Visualizing/Verbalizing, ST math, iReady, Key Math, Metacognition Skill Building, Previewing Core Content
Speech/language	# On staff or contracted from external provider: 2 contracted FT providers

Audiology	# On staff or contracted from external provider: 1 contracted provider
	If not currently providing service, plan to deliver service in future: N/A
Counseling (mental health, other therapies)	# On staff or contracted from external provider: 2 FT School Social Workers / Counselors (on staff)
	If not currently providing service, plan to deliver service in future: N/A
Occupational therapy	# On staff or contracted from external provider: 2 contracted providers
	If not currently providing service, plan to deliver service in future: N/A
Physical therapy	# On staff or contracted from external provider: 1 contracted provider
	If not currently providing service, plan to deliver service in future: N/A

Health/ Nursing services	# On staff or contracted from external provider: 1 FT RN (on staff)  If not currently providing service, plan to deliver service in future: N/A
Orientation and mobility services and accessibility (including interpreting services)	Describe accessibility accommodations are available to students: Students receive instruction and equipment per their IEP. This building has three levels; therefore, accessibility accommodations and supports include an elevator to ensure safe movement from one floor to the next. Teachers and staff will ensure entryways, classrooms, hallways, and other spaces are clear of debris and other materials that may cause disruption in walking from one place to another. For students who require interpreters, an interpreter will be provided when the need is identified.
	Students with orientation/mobility impairments will be assessed by an O & M specialist to determine whether O & M Related Services or O & M training is required, etc. and specific objectives will be included in the IEP, if appropriate.
	# On staff or contracted from external provider: 1 contracted provider (as needed)
	If not currently providing service, plan to deliver service in future: N/A
Adapted physical education	# On staff or contracted from external provider: 1 FT provider (on staff)
	If not currently providing service, plan to deliver service in future: N/A
Specialized Transportation	Methods of transportation: Contract with specialized transportation company to provide bus services per IEP.
	If not currently providing service, plan to deliver service in future: N/A

Assistive Technology	Examples of supports: Calculators, iPads, Chromebooks, Digital Media/Audio Materials (Text-to-speech software), Communication Devices, etc. The network works with Louisiana Accessible Educational Materials (LA AEM), to receive
	consultation, technical assistance, professional development, and utilize the technology loan program.

Description of extended school year services:	Identification: Students qualify based upon criteria identified by Bulletin 1530. The IEP team reviews the data and determines whether the student qualifies for extended school year services based on this criteria (e.g., Regression-Recoupment, Critical Point of Instruction 1 & 2, and/or Special Circumstances).
	Delivery: Students receive individualized support beyond the normal school year of the LEA at no cost to parents or families.

Description of specialized programs (criteria for participation, delivery):

ReNEW Therapeutic Program (RTP) is intensive behavioral support program, conceived of as a therapeutic day school within a public school, designed to meet the needs of small number of students with documented evidence of severe emotional and behavioral problems that present a significant barrier to student success in the classroom and positive integration within the school community. Acceptance to the program is based on referral, application, and review process per IEP team (targeting students with Emotional Disturbance or qualifying OHI diagnosis who exhibit significant need for systematic behavioral and mental health support in a small group setting.

Delivery: RTP is a set of substantially separate (self-contained) classrooms taught by special education teachers, supported by paraprofessionals, and full-time social worker/counselor. Students also receive additional support services as needed based on their IEP, such as, but not limited to, speech therapy, occupational therapy, physical therapy, adapted physical education, etc.

ReNEW Autism Skills Development (ASD) Program supports students with more severe autism spectrum disorders across ReNEW Schools. The classrooms support students in grades K – 8. The program is targeted to students with diagnosed autism spectrum or related disorders who exhibit signs of severe autism (including limited communication, social/emotional, and academic skills, and possibly behavioral outbursts) and who are unable to function successfully in a general education environment for much of the day. The program seeks to prepare students to function at a high level in less restrictive settings and to provide opportunities to do so, while also offering instruction in all areas of student need, ranging from academics to behavior to social skills, and targeted, research-based interventions and supports for students with autism or related disabilities.

Delivery: ASD is a set of substantially separate (self-contained) classrooms taught by special education teachers, supported by paraprofessionals, and a team of clinical providers and general education staff as a student transitions into a general education setting when appropriate, directed by the IEP team. Students also receive additional support services as needed based on their IEP,

LEA: ReNEW Dolores T. Aaron Academy

such as, but not limited to, speech therapy, occupational therapy, physical therapy, adapted physical education, etc.

ReNEW Community Based Instructional (CBI) Programs support students in grades K – 21st year who have demonstrated through academic assessments and other indicators that meet the criteria to participate in LEAP Connect assessments. The program seeks to prepare students to function at a high level in less restrictive settings and to provide opportunities to do so, while also offering the on-level remedial instruction that would be difficult to adequately provide in a general education or resource setting. In addition, the CBIP offers vocational training through in-class workshop setting simulation and school-based jobs, such as running the "school store". Finally, students in CBIP participate in community experiences to prepare them for the 'real world,' such as grocery shopping, using public transportation, and visiting restaurants. In the CBI program, community vocational experiences are implemented when the IEP Teams deem it appropriate and needed to advance student progress.

Delivery: CBI is a set of substantially separate (self-contained) classrooms taught by special education teachers, supported by paraprofessionals, and a team of clinical providers (i.e., speech therapists, occupational therapists, physical therapists, adapted physical education teachers, etc.), directed by the IEP team.
